

IN THE SPECIFICATION:

On page 3, please amend line 25 as follows:

The present invention provides collapsible structures that incorporate a sleeping implement, such as a sleeping bag, pillow, light futon or mattress, or similar support. As used herein, the terms "hingedly coupled" or "hingedly connected" shall mean to couple two edges or sides by stitching, or by the use of removable attachment mechanisms (such as [[VelcroTM]] VELCROTM pads or opposing toggles and loops, among others).
